

- 1.) Open the Blackberry Enterprise Activation screen, which might be under, **Options**, then **Advanced Options** then **Enterprise Activation**.

Type the **Email Address** and **Enterprise Activation Password**:

e.g. Email : email@email.com, Activation Password : 00000

Once you have typed the email address and enterprise activation password, open the **Menu** and click **Activate**.

You will then receive the following message on your Blackberry Smartphone.
