

How to Call Using Viewqwest OneVoice Softphone

- 1.) Launch your **OneVoice Softphone**.
- 2.) Click in the **White Space** to dial a number.

- 3.) Using the **Softphone Built-In Keypad**, dial the phone number that you want to call.
***In the right most part of the softphone, click on **Keypad Logo** to bring out the Softphone Built-In keypad.*

- 4.) You can also use your **Keyboard Number Pad** to dial a number.

5.) To Make/Answer a call, click the **Talk/Answer Icon**.

6.) To end the Call, click the **End Call Icon** or press **CTRL-E** in your keyboard.

Note:

You can *Mouse Over* into each button to know its function.
